## **Barningham Parish Council Risk Assessment**

Risk assessment is a systematic general examination of working conditions, workplace activities and environmental factors that will enable the Parish Council to identify any and all potential inherent risks. The Parish Council, based on a recorded assessment, will take all practical and necessary steps to reduce or eliminate the risks, insofar as is practically possible. This document has been produced to enable Barningham Parish Council to assess the risks that it faces and satisfy itself that it has taken adequate steps to minimise them.

Meetings	Spread of Disease (e.g. Covid-19 Coronavirus)	L	<ol> <li>Social Distancing:         <ol> <li>The Parish Council will use conference calls instead of face to face meetings where possible.</li> <li>When face to face meetings are allowed to be held, the PC will ensure that the venue (following references are to the Barningham village hall) is adhering to government guidelines. <a href="https://www.communityactionsuffolk.org.uk/wp-content/uploads/2020/06/Information-Sheet-COVID-19-Opening-your-hall-after-lockdown-15.6.20-Final.pdf">https://www.communityactionsuffolk.org.uk/wp-content/uploads/2020/06/Information-Sheet-COVID-19-Opening-your-hall-after-lockdown-15.6.20-Final.pdf</a></li> </ol> </li> <li>The PC will arrange the meeting layout to reduce the number of persons in any one area to comply with the gap currently recommended by the Public Health Agency. <a href="https://www.gov.uk/government/publications/staying-alert-and-safe-social-distancing">https://www.gov.uk/government/publications/staying-alert-and-safe-social-distancing</a></li> <li>The PC will arrange the access layout to achieve one-way movement through the venue from the entrance (through side door) to the exit (through front doors). Where possible, given the necessity to keep fire doors closed, doors will be propped open to discourage touching surfaces.</li> </ol>	These actions will continue as long as advised by government and the Public Health Authority.
			<ol> <li>Cleaning:         <ol> <li>The Clerk will set up chairs and tables, cleaning and disinfecting surfaces that will be touched using appropriate cleaning products and methods. Following the meeting, the Clerk will clean and disinfect surfaces again and put away furniture.</li> <li>The Clerk will clean and disinfect any objects and surfaces that are touched regularly, particularly in areas of high use such as door handles and light switches.</li> </ol> </li> <li>Hand washing:         <ol> <li>The PC will ask all attendees to use gel sanitisers on entrance to the venue and before exiting. Where there are hand washing facilities in the venue, use will be discouraged in order to minimise the amount of movement and contact within the venue.</li> </ol> </li> </ol>

Recreation Ground	Spread of Disease (e.g. Covid-19 Coronavirus)	M	The PC will secure the recreation ground as far as possible while the law continues to require outdoor play areas to remain closed. Clear signage will confirm that the site is closed to comply with the law.  The PC will take the following actions if reopening the site is permitted.  It is not reasonably practicable to clean the play equipment without staff on site and some surfaces do not lend themselves to cleaning (thus the M level risk). However, the equipment is exposed to the elements which provides some level of protection over time. The PC will address short-term transmission opportunities with the following:  1. Clear signage which explains that:  a. parents allow their children to use the facility at their own risk;  b. parents are responsible for supervising their children, including making sure that hands are sanitised on entering and leaving the site and that they observe social distance;  c. parents should not let children enter the play area unaccompanied, or when it is already occupied to the point that social distancing becomes difficult;	These actions will continue as long as advised by government and the Public Health Authority.
